In this side-scrolling platform game, you're rolling, jumping, and bouncing through a continuous checkpoint adventure to stop the evil hens turning the world squares. Control momentum, avoid obstacles and solve puzzles! Controlling the momentum of the ball requires sharp judgment and accuracy, and you have to navigate through various obstacles and master it to destroy the evil squares. Obstacles, puzzles, and enemies become tougher as you advance through checkpoints. Levels As you roll deeper into the game, you will encounter new environments, secret laboratories with excellent music to match from forests and jungles. You have to fight epic bosses and dodge deadly traps from pools of water to lasers and bombs. In total, there are 75 levels in the red ball adventure! Similar ball games include: Crazy Roll 3D - Roll endless 3D worlds at extreme speed. Island Survival 3D - Carefully navigate the ball around the platform and safely reach the finish line.
